

Excellence by Design

New European Car Formula 5W-40 Synthetic Motor Oil from AMSOIL offers maximum protection for all operating conditions, surpassing the most demanding European oil specifications for both gasoline and diesel engines.

- Meets the special needs of European vehicles
- Unsurpassed wear protection • Shear stability for excellent viscosity retention and extended service life
- Exceptional high and low temp service range • Clean engine formulation reduces sludge, varnish and by-products of combustion • Excellent for Turbo Chargers
