

Severe Gear

Maximum Protection and Performance

Torque, speed and extreme punishment. That's the name of the game. That's why more and more enthusiasts are choosing AMSOIL Severe Gear® extreme pressure lubes.

Now available in two new viscosities specially engineered for severe differential applications including off-road racing, rock racing and rock crawling. Tenacious formulation clings to gear surfaces to prevent gear wear in extreme conditions.

Check the Yellow Pages – OILS LUBRICATING – for your nearest Dealer.
