

Because Winning Is Everything!

*Independent dyno
tests prove AMSOIL
boosts horsepower.*

***For nearly 30 years AMSOIL Synthetic Motor Oil and Lubricants have
been setting new standards in lubrication performance on and off the track***

AMSOIL Series 2000 Synthetic 20W-50 Racing Oil boosts engine power and reduces engine wear under extreme performance conditions. In the Four Ball Wear Test (ASTM D 4172) AMSOIL delivered up to four times better

wear protection than the leading competitors, both conventional and synthetic.

On the track, and off, AMSOIL Synthetic Motor Oils provide performance and protection you can rely on.
