

Reduced Operating Costs Means More Money For Your Schools

As federal and state funds dry up, local school districts are looking for ways to save money and cut costs. Many school districts have learned that AMSOIL synthetic motor oils and drivetrain fluids can result in significant savings.

We can show you many ways to experience savings:

- Reduced maintenance and downtime
- Increased fuel economy
- Cleaner operating, longer lasting engines

Send for our informative brochure and get educated about the benefits of synthetic motor oil. Not only is it better for your budget, AMSOIL synthetic lubricants are better for the environment as well.
