

"AMSOIL Makes the Difference"

"Snocross is one of the most grueling sports I've ever seen.

You are wrestling a 475-pound machine over jumps and around hairpin turns in rain, sleet, snow or sun, with temps ranging from twenty below to sixty above. It takes as much mental training as it does physical training to be successful. But no matter how harsh the environment, we can count on the consistent performance of our sleds because we use AMSOIL synthetic lubricants. I've been racing for more than twenty-five years and I know from experience, *AMSOIL makes the difference.*"

Team AMSOIL Owner,
Steve Scheuring

Hard-charging
D.J. Eckstrom and
Justin Tate are among
the most consistent
riders on today's
WSA circuit.
