

## **USED OIL FILTER RECYCLING PROGRAM**

We are pleased to offer all our customers a simple, easy to use recycling program for the environmentally responsible way to dispose of used oil filters. Now there's an easy way for you and your customers to recycle used oil filters with no hassles. Our company, in conjunction with America Resource Recovery, Ltd., can provide you with a turn-key oil filter recycling program with zero waste and no liability ever!

What is "zero waste"? Zero waste means all the used oil filter materials are reused: the steel is recycled and made into construction rebar, the residual oil is recycled and the filter media is used as an alternative fuel for the production of portland cement. Zero waste means you have no environmental liability – EVER!

Why was American Resource Recovery, Ltd. chosen to administer our program? Simple – A.R.R. is a subsidiary of American Waste Industries, Inc. which has been in the business of chemical waste management, transportation and recycling since 1972. A highly reputable company, A.R.R. maintains an exemplary record of environmental safety and compliance. A.R.R.'s recycling process conforms to all E.P.A. regulations regarding the disposal of used oil filters.

Who can utilize this recycling service? Fleets, installers and parts stores that want to provide used oil filter recycling for themselves and / or their customers. The administration of the program is handled entirely by A.R.R. and this service does not increase the cost of your filters.

What are the benefits of this program?

- No landfill liabilities.
- Nationwide service – door to door, LTL or bulk pickup.
- Toll-free customer service telephone number.
- Annual tracking report.
- Pre-negotiated pricing.
- Complete insurance coverage.
- Fully permitted and licensed processing facility.
- Enhances your reputation as an environmental leader.

How do I get enrolled in the program or get more information? Simply contact your local filter representative, contact our Technical Services department or contact A.R.R. Ltd directly at 1-800-841-6900.
