AMSOIL Dealer**

Paul Atvell

Testimonial

A.J. has been racing for an impressive seventeen years and currently races in the IHRA Pro Class Bracket Racing Series. He hopes to continue to maintain his positive outlook on the sport that he loves so much and to have his two daughters carry on the racing team for years to come.

AMSOIL Product Testimonial: "We have a lot of expensive race equipment that we use in this sport: engines that cost thousands of dollars, car trailers, tow vehicles, etc. I have used several products in the seventeen years I have been racing and AMSOIL is by far the best product I have ever used. I will continue to use AMSOIL products for the remainder of my racing career!"
