Testimonial	<p>My first ever car racing weekend went very smoothly thanks to AMSOIL. I had no issues with my gearbox or engine due to AMSOIL's products. This enabled me to progress as a driver throughout the weekend without worry of mechanical failures. It proved to be a great result as I had a double podium for my inaugural weekend in formula cars and the first opportunity to use AMSOIL's great products!</p> <p>This season Stefan started out his first ever formula car race weekend with two podium finishes!</p>
