Racer Name	Robert Emery
Hometown	Valley Center
Sport	Short course off-road racing
Equipment	SRT 1600/Limited buggy chassis, 1600cc VW engine
Sponsoring AMSOIL Dealer	Andy and Ali Jones

Testimonial

After three years as a go-kart racer Emery moved up to single buggy. Currently in his second season, he is in second in the M4SX points standing.

Emery says, "At our last race the temp outside was 110 and the motor's oil cooler got plugged up with mud for the track workers overwatering the track. The motor got so hot that the fuel started to vapor lock. After that race we took the motor apart and everything inside (bearings and rings) was still perfect. My engine builder said he's recommending AMSOIL to everyone!"
