Dan Wilhelm

Testimonial

Michael has been racing for ten years and hails Mario Andretti as his racing role model.

He races in the San Francisco Regional Circuit. In 2006, Michael found his first race win and ended up fourth in points for the entire season. He hopes to be able to race as many types of vehicles that he can in his life time.

AMSOIL Product Testimonial: "I depend on AMSOIL products and they never let me down. I have over 55 hours on my engine and have never experienced any problems and it is still running well. I also have the same transmission in my vehicle and AMSOIL helps it to keep running strong."
