Loose Nuts Racing

Racer Name Marty Bean #15
Richard Patino #51
Wendell Bails #151

Hometown Millbrook, AL

Sport Pure Stock

Equipment

**Sponsoring
AMSOIL Dealer** Bill Desmond

Testimonial

"Loose Nuts Racing", owned by Marty and Trina Bean, is a very successful enterprise. The Bean's are not only a highly respected and successful business couple with a thriving restaurant and meat market operation, they are also knee deep into a very successful racing operation at other tracks in Alabama. Marty, a track champion at Montgomery Motor Speedway until the track closed in 2006, now competes at tracks in Birmingham and Opp, AL. Marty's success has enabled him to bring others into the sport providing Pure Stock race-cars for Richard Patino, another very successful business person in sportswear clothing and newcomer Wendell Bails. "Our business ethics taught us to associate only with the best and when Bill Desmond, AMSOIL Direct Jobber and former NASCAR Official, introduced us to AMSOIL synthetic lubricants, we knew what was best for our racing operation," stated Marty.

We are very happy that the Southeastern Lubricants Racing Coordinator introduced us to the AMSOIL line of products. We have had no major mechanical problems with our race cars and we know it has cut our maintenance time and costs dramatically. Running a three car operation at any level is time consuming. Good people, good equipment, and good lubrication makes for a championship team. I am proud to tell everyone what AMSOIL has done for us and those who visit our restaurant everyday can see the pictures and murals knowing what keeps our team on top.

Loose Nuts Racing fields three cars at racing events with all three using AMSOIL 75W-90 Synthetic Extreme Pressure Gear Lube, ATF - Universal Automatic Transmission Fluid, and Series 2000 Racing Grease. Bean's #15 also uses Series 2000 20W-50 Racing Oil and WIX Racing Filters.
