Testimonial	<p>Mayhan Racin is a successful racing operation in the Prattville/Montgomery racing scene. Jason started his racing career in 1994. A devastating crash forced Mayhan to take a break from racing, but has since restarted and is looking forward to a successful race season with the help of AMSOIL products.</p> <p>Because of their AMSOIL use Mayhan says, “We have had no major mechanical problems with our race car and we know it has cut our maintenance and track preparation. We are involved in so many different operations that time means money for us which AMSOIL is providing.”</p> <p>Jason has also been a proud and active supporter of racing in his area. Recently he worked hard to promote the 2009 reopening of the Montgomery Motor Speedway.</p>
