Testimonial

Daniel, now eighteen years old, has been racing for fourteen years. Now in his second year of pro racing, he races in audiences ranging from 200 at the local races to 50,000+ at the supercross and outdoor nationals.

Outside of racing, Daniel is attending the University of Louisville where he is studying mechanical engineering.

Products used: Amsoil 10W40 Bike Oil, Silicone Spray, Air Filters and HDMP. Because of this, his bikes run much smoother, cooler, and efficiently.
