Testimonial	<p>Ray has seven years of racing experience & four in his current class. Ray & his team have improved throughout the years; from 19th in 2008 to 5th in 2010.</p> <p>They made the switch to AMSOIL Dominator Oil two years ago & have not had an engine problem since. Water temperature has gone down, engines still look like new even at season's end, & overall they are making more power.</p>
