Seth, now 17, has been racing for four years. In his time racing, he has raced in front of audiences of up to 25,000 people and been seen on ESPN 2. He currently races on the WPSA National circuit.

In the 2005-2006 season, Seth stepped up to the semi-pro class at the State WSA level and sport at the national level. He raced seven national weekends and six state weekends during which time he gained quite a bit of experience that left him anxious for this coming season.

Seth hopes to make every final in his upcoming races and place in the top three.
