AMSOIL Dealer**

Jay Copeland

Testimonial

Tony races on the Summit NHRA ET Series, as well as the Texas Muscle Car Club Challenge Series at Texas Motorplex and Denton Dragway. He has been racing for five years.

In the future, Tony has plans to race in the NHRA Super Street class and to eventually expand his team.

In his career, Tony has been the 2006 National Dragster Challenge Champion at Texas Motorplex. In 2006 he was also the runner-up in the Quick 16 Class at Redline Raceway.

AMSOIL Product Testimonial: "We use AMSOIL 0w30 in the engine, Super Shift in the transmission, and 75w90 Severe Gear in the rear-end. This addition of oils has not only made the car pick up MPH but it has also picked up in ET resluting in quicker passes. The cool-down time for the transmission has reduced making the car more consistent. We have not had a single oil-related problem since using AMSOIL. We also use AMSOIL products throughout the tow-rig with great success!"
