Testimonial

Bob has been racing for twelve years and lists Jim Clark, Jim Hall and Ayrton Senna as his role models. He currently races at West Coast road course tracks.

In his years racing, Bob has had multiple wins and podium finishes at vintage events. Apart from the thrill of the win, he also enjoys the gatherings of older cars and the people that come with them.

AMSOIL Product Testimonial: "Since switching to AMSOIL, I have not had any engine or mechanical problems with three different engines. My engine builders have commented on the great condition of the engine after teardown."
