He also took third place at the Edmonton Indy GT Invitational & second place in Chevette Ice Racing in 2010.</p> <p>Al uses AMSOIL in all of his vehicles now and has actually become a Dealer. With ice race cars being very hard to start in the cold weather, Al uses Signature Series 0W-30 and has had no problems. He also uses Dominator 10W-30 Racing oil in his rebuilt LS1 motor to protect and maintain its performance.</p>
