

Racer Name	Stan Culpepper
Hometown	Grapevine, Texas
Sport	NASCAR, Drag Racing, Road Racing, Watercraft
Equipment	Two NASCAR Corona series race cars, Lemons Race car, Dirt track modified and street stock, Jet Ski, Support vehicles
Sponsoring AMSOIL Dealer	Thom Wofford and Darrell Rozell

Testimonial	<p>“When I met Thom and Darrell at freedom Lube I knew the AMSOIL brand but did not know much about oil. Sure I thought I knew the difference between racing oils when to change the oil etc, but Thom and Darrell took the time to educate me on the AMSOIL products and explain to me the difference in ingredients. The first thing I noticed was on our way home after Freedom Lube had changed all of the lubricants in our transport that we pull the racecar and enclosed trailer with. Before AMSOIL we always ran a little warm on the water temperature which I thought was normal in this Texas Heat. After changing the motor oil, transmission oil and rear end lube our truck ran cooler and I believe we now get better gas mileage. Now that we are using AMSOIL in our race cars we have never had a oil related problem or a over heating problem. I believe we are able to get more horsepower out of our car because of the motor oil and rear end lubricant. (runs cooler, less friction and less wear on the motor)”</p> <p>-Stan Culpepper</p>
