### **LEATT-BRACE® NAMED OFFICIAL NECK BRACE OF TORC**

Crandon, WI- (May 12, 2009)- The Traxxas TORC Series has named the Leatt Corporation and the distributor of the Leatt-Brace®, a Neck Brace System designed to help prevent potentially devastating motor sport injuries to the cervical spine (neck), the official neck brace of the series.

"We are extremely excited about this alliance with TORC, this will be the premier short course off road racing series here in the U.S. and we are proud to be a part of it," said Jason McCune, GM of Leatt USA. "The alliance of Leatt Brace and the Traxxas TORC Truck Series elevates us even higher into a community of racers that will benefit from the unique safety and design of our products."

Leatt Corporation is the exclusive global distributor of the Leatt-Brace®, a Neck Brace designed to prevent or lessen the severity of potentially devastating motor sport injuries to the cervical spine (neck). The company's operations and research and development of the core products currently take place at Leatt Corporation's offices in Cape Town, South Africa. For more information on the Leatt-Brace®, please visit the company website at [www.leatt-brace.com](http://www.leatt-brace.com). Any web site or portion thereof referenced herein is not a part of this press release.

The Traxxas TORC Series- The Off Road Championship, presented by AMSOIL is the world's premier off road series, bringing together the best of Midwest short course off-road racing with exciting new Western State venues. TORC drivers push the limits with action-packed fender pounding on challenging natural terrain racetracks. The season kicks off May 15, 2009. For more information on TORC please visit [www.torcseries.com](http://www.torcseries.com).
